R.G. RECOMMENDATION LETTER
FOR OKERE CITY PROJECT

This letter serves to inform you that the above organization is a registered CBO operating under my area of jurisdiction

The organization works to promote community development initiatives and empower members of Ayi Loi A village. Among the initiatives which the currently being implemented is a nursery school meant to give the children in the village an excellent early childhood development.

development opportunities
the organization has also
broader than tree planting
projects meant to fight
climate change most specifically
drought which is a biggest
problem in the village

the organization has also
closed a borehole which serves
household members in the village

Among other initiatives the
organization intends to
implement is a functional adult
literacy project and an
investment club which will
give the members of the committee
savings and investment assistance
to offer better credit
and other investment opportunities

As the long-term L.C.I of
the village I am in full
support of the project and
I am calling upon you to

offer my support to make
the organization achieve its
bold vision of fighting in my
village

In case you would like to
get some more clarity or
hear directly from me please
